

———— Occlusion Kit ————

The image displays a variety of dental instruments and materials. In the top left, there is a blue dental instrument, possibly a probe or explorer. To its right is a TheraBite range of motion scale, which is a white plastic device with a black scale and the text "TheraBite®", "Range of Motion Scale", "CPT 95885", and "Pat. No. 5,361,506". Below the scale is a blue dental instrument, possibly a probe or explorer. In the center, there is a box of Brasser USA dental instrumentation, labeled "K0134", which contains four different dental instruments: a round bur, a diamond bur, a round bur, and a diamond bur. The box also features the Brasser USA logo and the text "BRASSER USA DENTAL INSTRUMENTATION 800 - 841 - 4522". To the right of the box is a black dental instrument, possibly a probe or explorer. In the bottom left, there is a white dental instrument, possibly a probe or explorer. In the bottom right, there is a blue dental instrument, possibly a probe or explorer.
